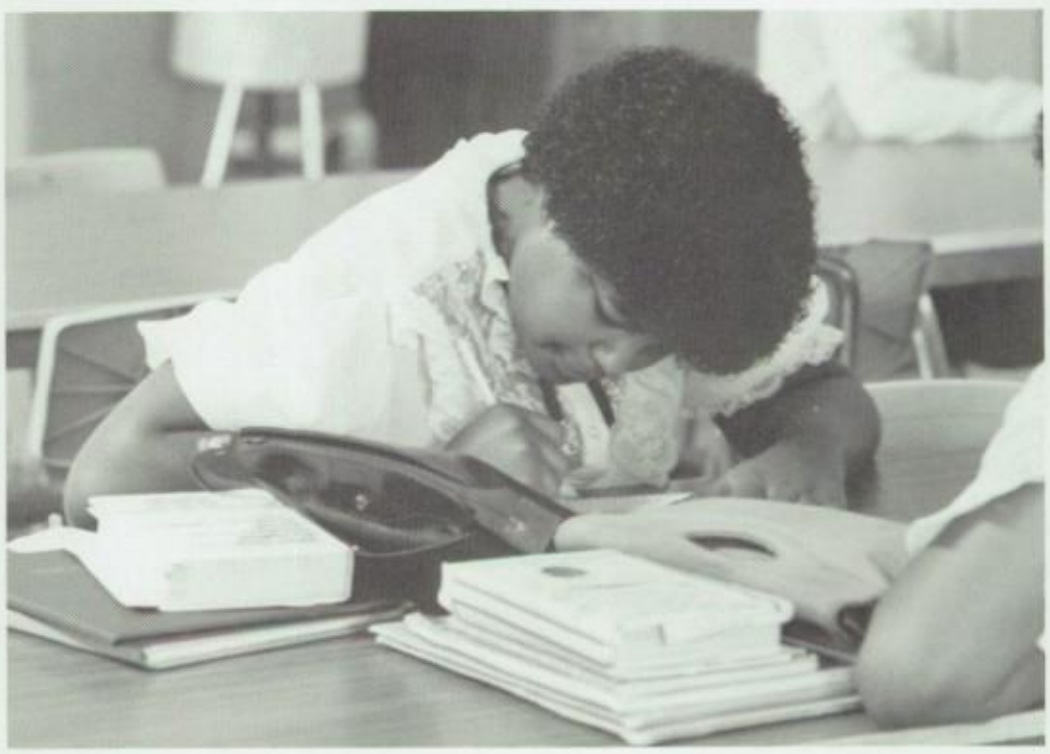
A Spark

IRHS displays "A Spark of Class" in many special ways. The new bleachers and majorette uniforms are examples of classy updates at IR. Janie's new Camaro exemplifies the special style of Indian River, while Denise's "classical" art reminds us of the individual character that makes up our school.

Of Class

Whether it's physical or mental work, one of the classiest aspects of our student body is its willingness to put forth whatever effort is necessary and to go that extra mile in order to get the job done!

Inspires



Hard Work

Encourages

By expressing their individuality, students and teachers reflect "A Spark of Class." Mr. Steele's new hairpiece, Patrick's "shades," Kim's "nail art," Jeff and Sandra's "dining experience," and Phil's "only shoes," are all examples of how we strive to be different.

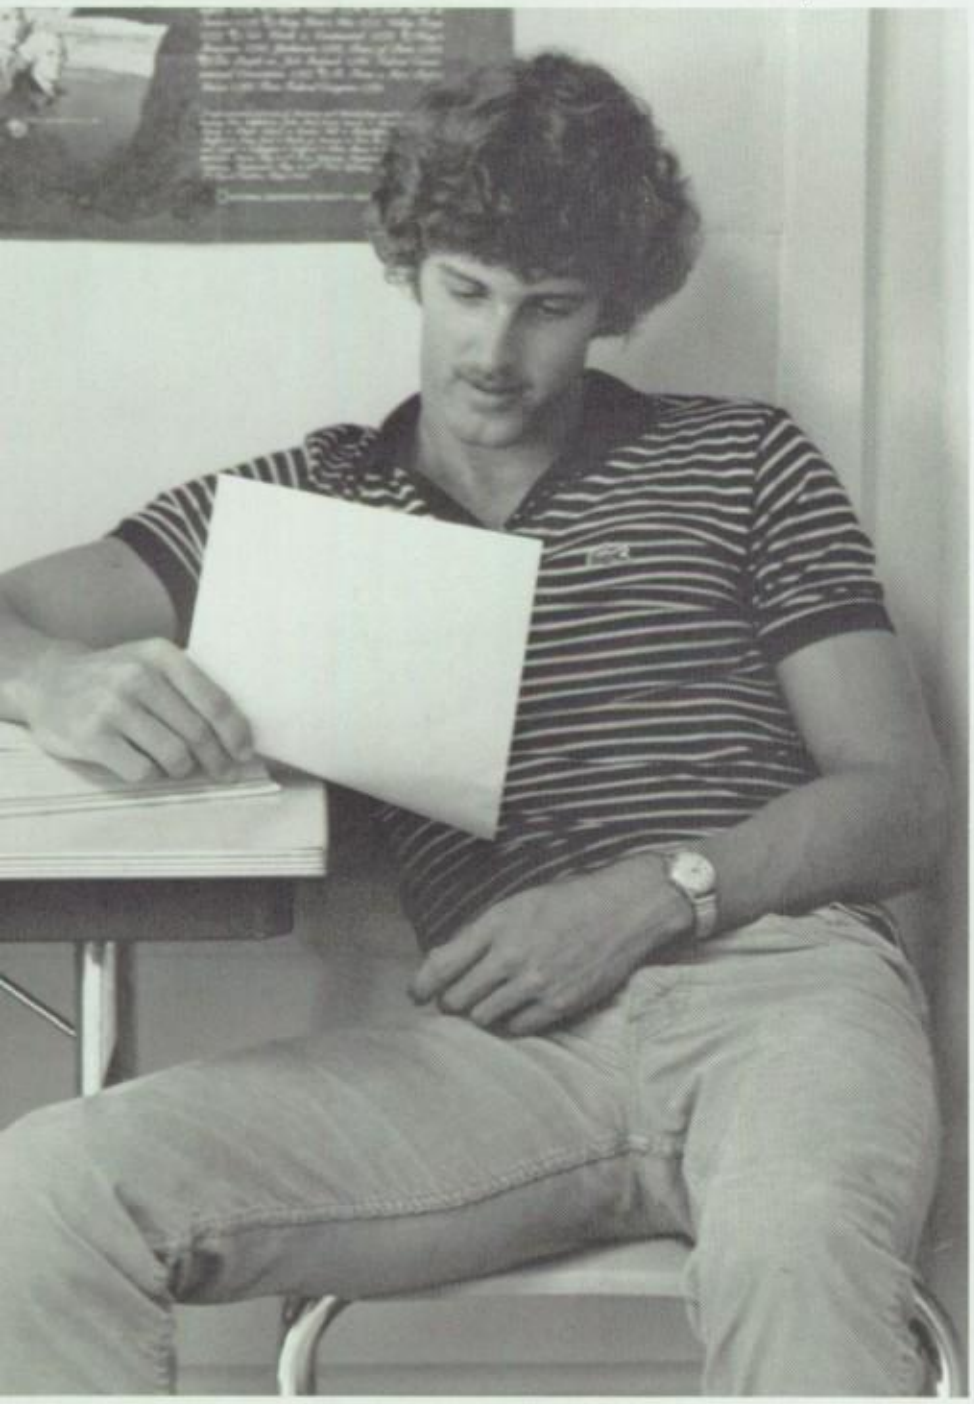
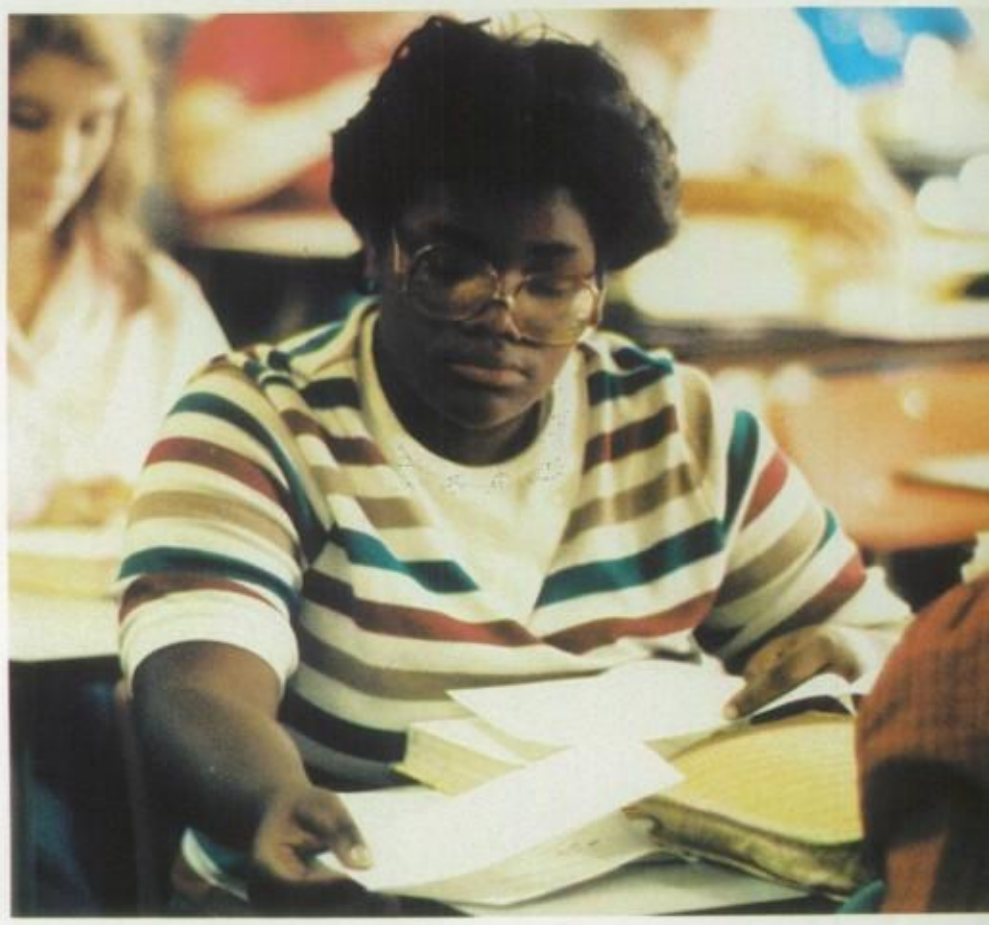
"A Spark of Class" is always present at IR but, occasionally, there is a need to pause, step out of that "classy" mold, and take a breath that refreshes the mind and body.

Means A "Pause



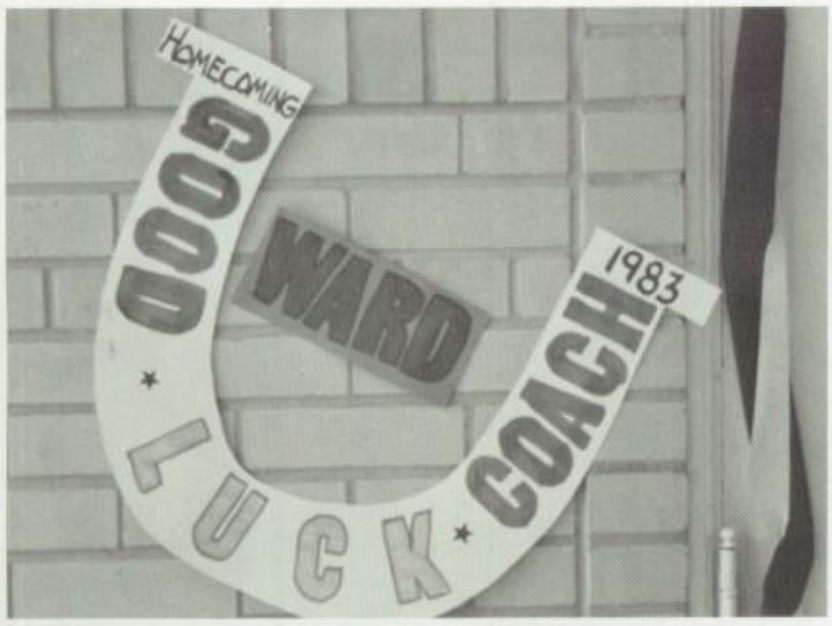
That Refreshes"



Student

Style trends, school work, and good friends all reflect "A Spark of Class" in everyday student life. Whether it's wearing the latest style, working especially hard in class, pausing for nourishment, or just plain relaxing, we do it with class!

Life

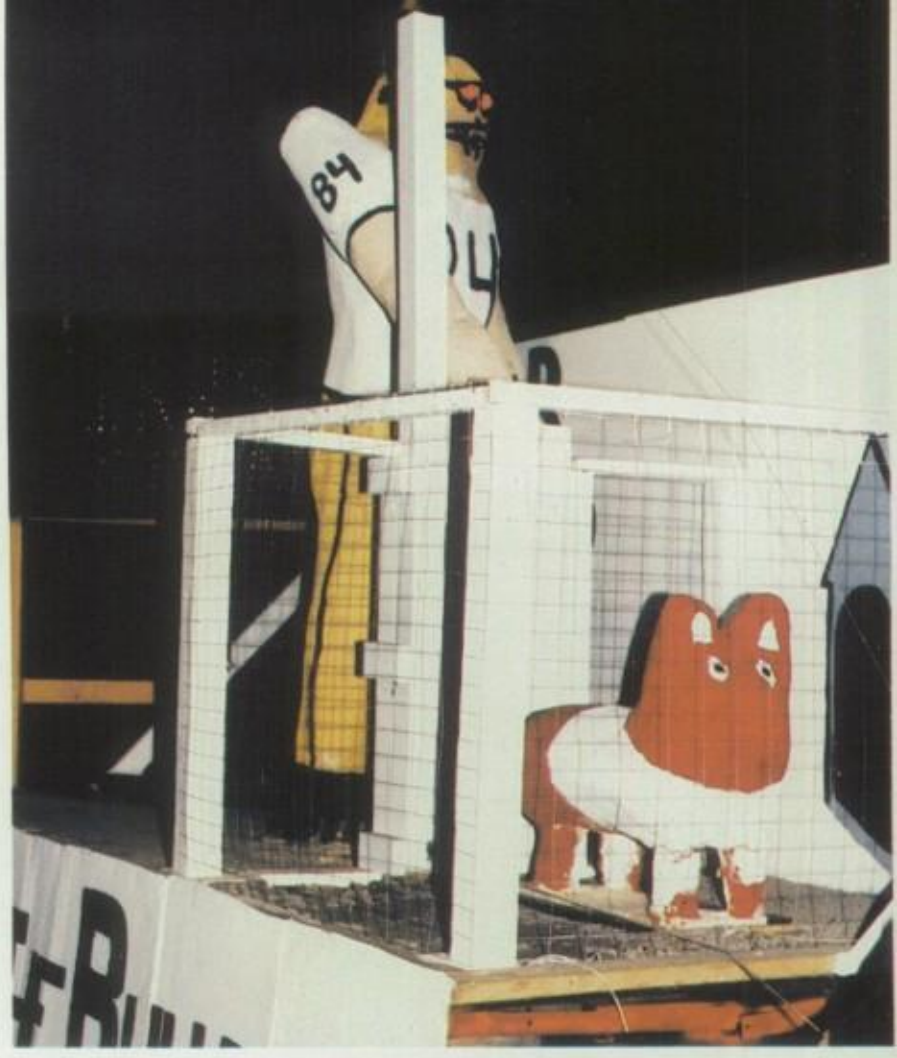


Homecoming preparations begin three weeks before the big game with nightly float meetings. On the night before the BIG GAME, fans gather behind the football field for the traditional bonfire. Students arrive in school the next day to discover that cheerleaders and yell leaders have been hard at work decorating the building for the big day! The traditional Green and Gold Day culminates in a rafter-shaking pep rally at which students displaying the most school spirit are recognized. Upon arriving in the parking lot, students discover their cars to be totally wrapped in green and gold streamers. All of these activities are just a prelude to the BIG NIGHT!

Homecoming

The big night finally arrives, as IR hosts Laurel in the 1983 Homecoming football game! With much enthusiasm, the team bursts through the goalposts and onto the field. By the second quarter, IR is well along on its way to victory over Laurel, as the cheerleaders, yell leaders, and fans root them on to a final score of 38-16. WAY TO GO, IR!

1983



Clockwise from upper left: 1983 Homecoming Queen, Lauren Layton, escorted by Phil Hissom; "Impound the Bulldogs," Senior Class float; Tracey Smith, Senior, escorted by Tim Hall; Vanessa Showell, Senior, escorted by Bradley Handy.

1983

Clockwise from upper right: Missy Luzier, sophomore attendant, escorted by Jerry Adams; Lisa Murray, junior attendant, escorted by Craig Mears; "Walk the Dogs," Junior Class float theme; EKO (Stage Band), fantastic halftime entertainment; "Whip the Wildcats," winning Sophomore Class float.

STAFF ACADEMICS STAFF

Thanks For . . .

Dear Mrs. Brittingham,

The 1983-84 **Chieftain** staff wishes to extend its appreciation and thanks for your many years of service to Indian River High School by dedicating to you Volume XV of the **Chieftain.** You've proven your concern and care for all of those passing through the corridors of Indian River by touching each and every one of us in your own special way.

Your sense of spirit and pride in IR and your involvement in school activities, both during and after the school day, have been a source of support and encouragement to so many facets of the school program.

As for the Yearbook Staff, it was to you we turned when we needed to identify a student, clarify the spelling of a name, or determine the relationship between different generations within a family. In many ways you have served as the "Historian" of our school. Your forty-two-year association with this school, first as a student and then as a Staff member, have surely earned you the title of "First Lady."

We wish you many years of happiness as you begin another "passage," for you have, indeed, lighted a spark in the hearts of all who have known you.

To the graduating class of 1984, I wish continued happiness. Happiness is a funny thing — you can't see it or touch it, but those who possess it, treasure it and those who do not, often spend their lives searching for it.

Happiness comes not from receiving, but from giving — of love, of sympathy, of faith, of understanding. Oddly enough, the more we give, the happpier we become, and the happier we become, the more we have to give. We make ourselves happy or unhappy by our attitudes toward ourselves, our work, our neighbors, our world. The truly happy person is the one who can be enthusiastic about the things he has to do as well as the things he wants to do.

Happiness is a wonderful thing. It is the one gift we can give ourselves — and the most precious gift I can wish for you.

Carmen J. Deldeo, Jr.
Principal

Dear Seniors,

During the past three years I have had the opportunity to share a part of your life.

I wish you success in your future endeavors as you approach another phase of your life and leave you with the following message:

Look to this day,
For it is life,
The very life of life
In its brief course lies all
The realities and verities
of existence,

The bliss of growth,
The splendor of action,
The glory of power -

For yesterday is but a dream
And tomorrow is only a vision.
But today, well lived,
Makes every yesterday a dream
of happiness
And every tomorrow a vision
of hope.

Look well, therefore, to this day.

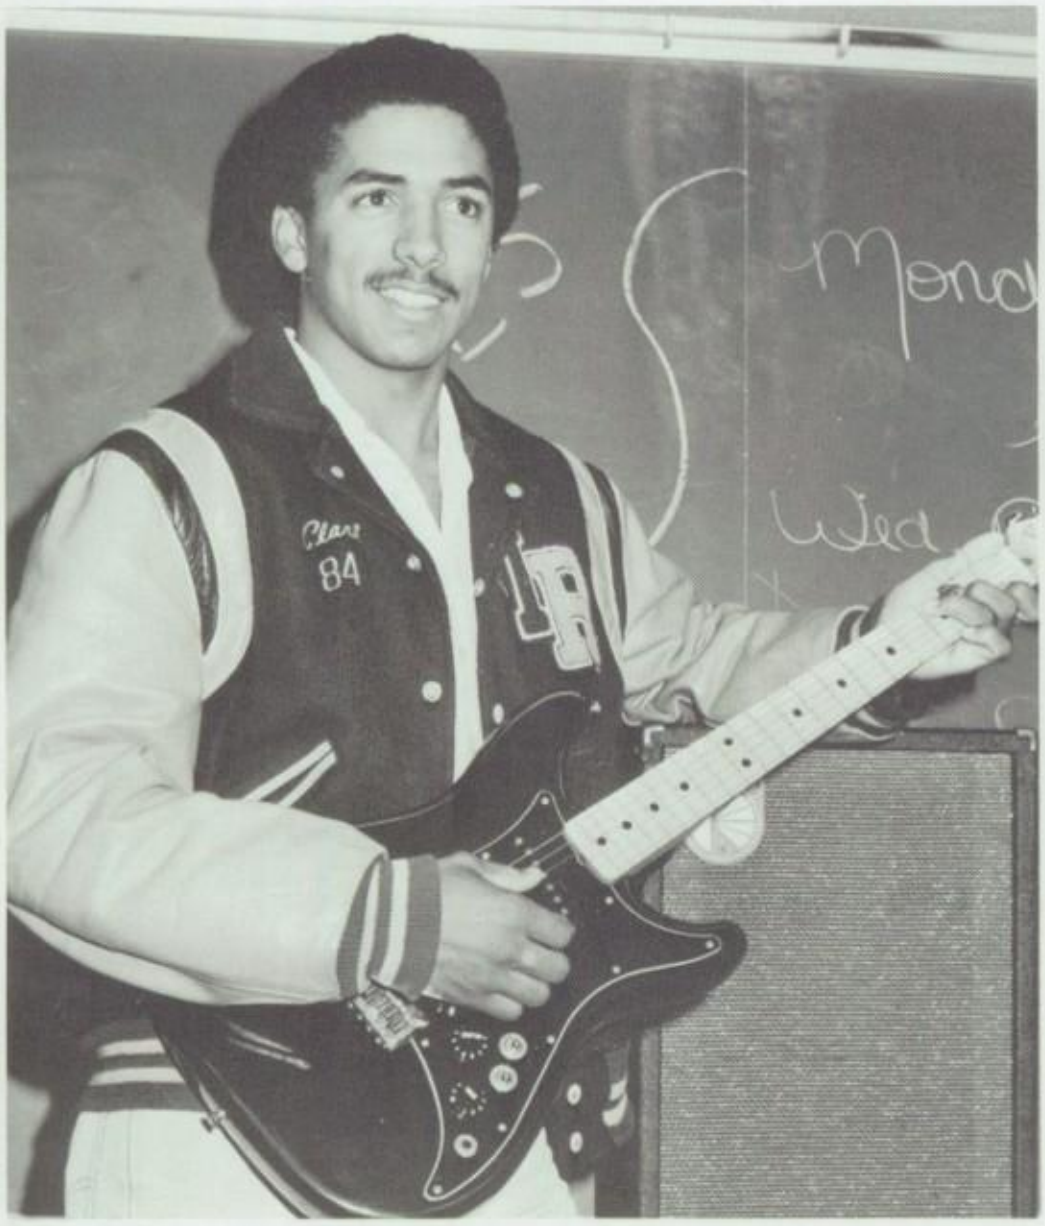
Senior Superlatives



Most Talented: Jerry Clark and Kim Hudson
Class Clowns: Kris Everhart and Mike Esham

Senior Superlatives has traditionally been a well-known and seemly popular section of the yearbook and throughout the years has grown and expanded to include seventeen categories, totaling five pages of the 1983-84 **Chieftain.** The process of nominating seniors for the superlatives begins with the distribution of handouts consisting of categories such as Class Clown, Most Talented, Best All Around, etc. and blanks beside each title. Seniors then fill in the blanks with names of one senior boy and one senior girl whom they believe best fit the categories. The handouts are collected and the guy and girl receiving the most votes for a particular category are honored in this section of the book. Congratulations to the 1984 "Sparks of Class"!

Sonnet #1

We came together first when we were small,
So young, unknowing, learning from each child.
We grew from each experience and did not fall
Because our parents made our lives so mild.
And as years passed we traipsed so gaily through;
We grew and started learning from our lives,
While laughing, living, as young teens should do
When also came those first inklings of strife.
Through all of this we came, oh friends of mine,
But now we must all go our separate ways.
Our paths diverge and yet our souls entwine
Through memories from our happy, happy days.
And thus, I.R., I leave thy sheltered halls,
To live my life in full beyond thy walls.

—Janie Truitt,
Class of '84

One of the student government's most successful assemblies was a program in which Lt. Governor Mike Castle addressed the IR student body about the effects of drunk driving. The Lieutenant Governor came straight to the point and did not take any short cuts when explaining the facts about drunk driving. His speech was well received by IR students and it made everyone stop and think about the consequences of driving "under the influence."

For the past three years the school has had the privilege of producing the best school newspaper in the District, and the staff is now striving to make it the best in the state. Entirely self-supported, this dedicated staff has struggled to present the **War Cry** as a positive reflection of today's generation. The **War Cry** would like to thank everyone that has had faith in their efforts and supported them throughout the years, especially their loyal advertisers.

ACTIVITIES ACTIVITIES

Vo-Tech . . .

Vo-Tech is attended by many of our students, some of whom attend I.R. in the morning and Vo-Tech in the afternoon, others of whom do just the opposite. Many programs are offered at Vo-Tech. Courses in data processing, cosmetology, distributive education, masonry, plumbing, electronics, culinary occupations, and horticulture provide students with practical skills that will assure them entry into the job market.

School Away From School

Cooperative Diversified

The Cooperative Diversified Occupations Program, otherwise known as "Co-op," is one of the many popular programs our school provides for students who want to go to school and work, too. Students receive in-school instruction and related vocational experience in a field of their choice, through the cooperation between school and employers. The Co-op program is administered by Mr. Harrison H. Short. Back Row L to R: R. Fresco, M. Showell, T. Hall, G. Johnson, J. Flood, M. Hall, J. Klink, K. Hickman, S. Brice, H. Stephens, R. Governor's School

S. Frey, S. Collins.

The Indian River **Chieftain** would like to congratulate seniors Mike Arthur, Janie Truitt, Dana Banks and Natasha Pratt for their outstanding academic performances. Mike Arthur was a commended student in the National Merit Scholarship Program, an honor which places him among the academically elite in the entire country. This past summer, Janie Truitt was able to attend Harvard University for a special summer session. Janie took an expository writing class and an American Foreign Policy course. Her PSAT, SAT and overall grade average made her eligible to participate. Dana Banks was selected to represent IR in the Senate Youth Leadership State Competition. Dana had to complete an application and take an exam to be entered in this program. Another commended student, Natasha Pratt, was chosen by the National Achievement for outstanding Negro Students Organization. After reviewing her PSAT scores and overall record, this organization sent her a letter of commendation. Certainly, these student scholars have contributed their own "Spark of Class" to our school community.

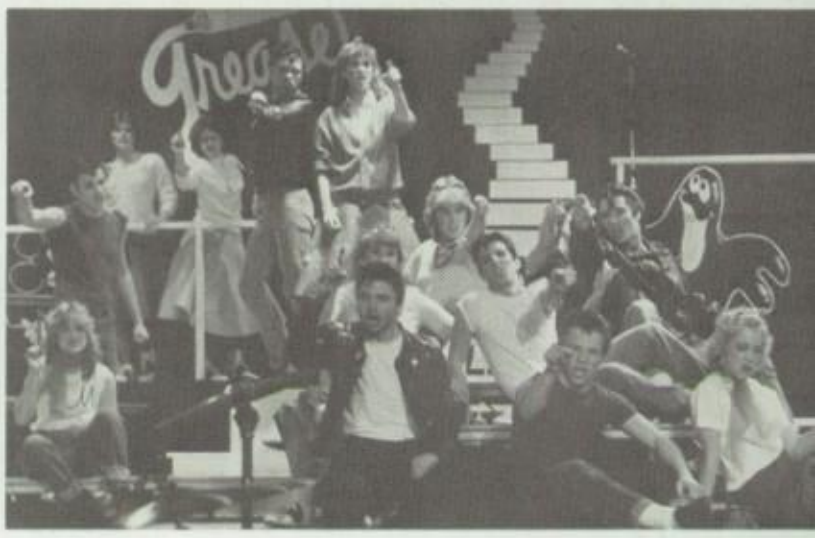
Achievement

Halloween Day

Through the past years, Halloween Day has been a tradition at Indian River High School. For one day out of the year the students of IR participate in an assembly where, using their own imagination and creative ability, they put together costumes that are judged by members of the faculty. The photos on this page are living proof that creativity is alive and well at IR!

"Anything Goes Day"

"Anything Goes" Day is the most competitive day of the school year. Six athletic students are selected from each class to compete against each other in very unusual games. This year, contestants competed in the suitcase race, the peanut pushin' contest, the jello balloon toss, and the pie race. The suitcase race, in which students struggled to put on and take off old women's clothes, was won by the junior class. The senior class won the peanut pushin' relay in which two representatives in wheelbarrow position blew a peanut across the gym floor. The juniors won the jello balloon toss; the seniors won the pie race. The juniors were disqualified in the final game. The senior class and the junior class tied for first place, each with a score of fourteen points. The sophomores followed with a total of six points. The assembly ended with a pie fight between the class representatives. Class spirit is clearly expressed every year on "Anything Goes" Day.



Grease

Again this year IR and Sussex Central teamed up, under the direction of Mr. Richard Eckerd and Mrs. Helen Kaus, to bring the smash musical **Grease** to Sussex County. The show played to full houses on February 4, 5, and 6, and was presented under the sponsorship of EKO and Sussex Central's A-V Club and Thespian Society. There was no evidence of a "generation gap" as students of the '80's took their parent's generation on a nostalgia trip that consisted of bobby sox, Marilyn Monroe, the Twist, pedal pushers, "Greasers," cherry cokes, saddle shoes and pony tails, letter sweaters, drive-in movies, the Mousekateers, and Elvis! IR students involved in the production included Frank Jaworski, Kitty Hollada, Michelle Drummond, Janie Truitt, Sandy Bunting, Natalie Pepper, Zelda Maddox, Lorraine Milutin, Melissa Banks, Valerie Harmon, Charles Brittingham, Garrett Layton and Stacey Collins, along with faculty members Mark Marvel, James Bunting, and Neil Beahan.

"Is the word . . ."

Slave Day

"He That Is Master Must Serve."

One day each year the "masters" of the school become slaves to their fellow classmen and to the underclassmen. The annual event provides both a fun time for the slavemasters and a profitable fund-raiser for the senior class. A few days before Slave Day the auction is held. Seniors as well as mystery gifts are auctioned off to the highest bidder. On the day before Christmas Vacation, Slave Day is held. The slave owners dress their servants in crazy, ridiculous, even embarrassing costumes and command their slaves to do anything they choose. Whether it's carrying their books, dancing in front of the class or singing in the cafeteria, the slaves must comply with their masters' wishes. This traditional event, the profit from which are used to defray graduation and Senior Class Trip expenses, proves beyond doubt that "he that is master must serve."

Junior/Senior Prom

THAT'S SHOW BIZ!..

It is traditional at IR that the headaches and fun of preparing for the Junior-Senior Prom has been the responsibility of the Junior Class, and the 1983 Prom was no exception. Prior to the event, itself, members of the Junior Class were involved in several different fundraising activities in order to finance this very expensive undertaking.

Decorations were ordered and the band was engaged in January, and work began shortly after spring vacation. Class sponsors, Mr. Mark Steele and Mr. Lou Schifano, worked with class officers, Donna Lewis, President; Sandy Bunting, Vice President; Lauren Layton, Secretary; and Reed Law, Treasurer, in coordinating all preparations. Prom decorating was accomplished under the inspired (and sometimes tyrannical!) direction of Mr. Adams, who over the years, has become "The Authority" on proms in lower Delaware.

Nights On Broadway

Prom night arrived May 13, 1983, to the accompaniment of beautiful weather and great music, provided by "Generation Gap." The gym had been transformed into Broadway, with the New York City Skyline in the background and Central Park, complete with fountain, as one of the main attractions.

Students were served punch, sandwiches and cake, all provided with the compliments of Mr. Arnold Brown of Bethany Beach's well-known Holiday House. Prior to and after the Grand March (again so ably coordinated by Ms. Marge Peck), students were provided with the opportunity of being photographed by a local photographer, so that their "Night on Broadway" could become a lasting memory.

Spirit Daze!

"Spirit Daze" is a perpetual condition at IR, but it seems to become especially evident at certain times of the year. Car decorations, especially at Homecoming, turned the parking lots and local roadways into a regular parade ground! Spirit was at an all-time high one cold December day as students appeared dressed as their favorite tourists. Sunshades, shorts, cameras, roadmaps and suspiciously sun-tanned faces transported us for a moment to the end of the school year and a glorious summer. Pep rallies proved again to be a reliable source for raising spirit, and were distinguised this year by more than the usual amount of confetti, banners and spirit contests. Spirit ran high at IR this year, and the active student and community support of so many facets of school life has helped to spark memories we will not soon forget.

To Any Athlete

There are little eyes upon you,
And they're watching night and day,
There are little ears that quickly
Take in every word you say;
There are little hands all eager
To do anything you do;
And a little boy who's dreaming
Of the day he'll be like you.

You're the little fellow's idol;
You're the wisest of the wise,
In his little mind about you,
No suspicions ever rise;
He believes in you devoutly,
Holds that all you say and do,
He will say and do, in your way
When he's grown-up like you.

There's a wide-eyed little fellow,
Who believes you're always right,
And his ears are always open,
And he watches day and night;
You are "setting an example"
Every day in all you do,
For the little boy who is waiting
To grow up to be "like you."

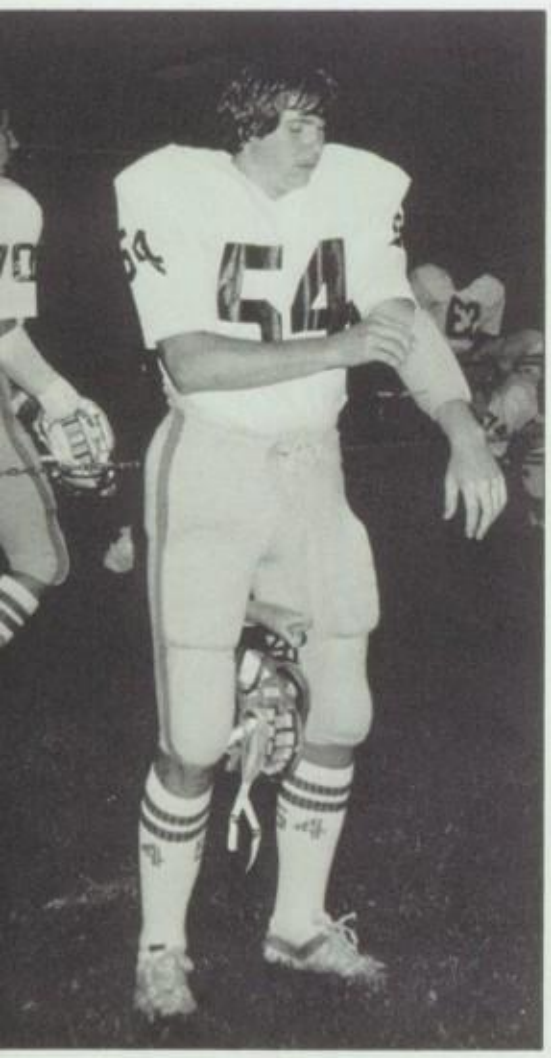
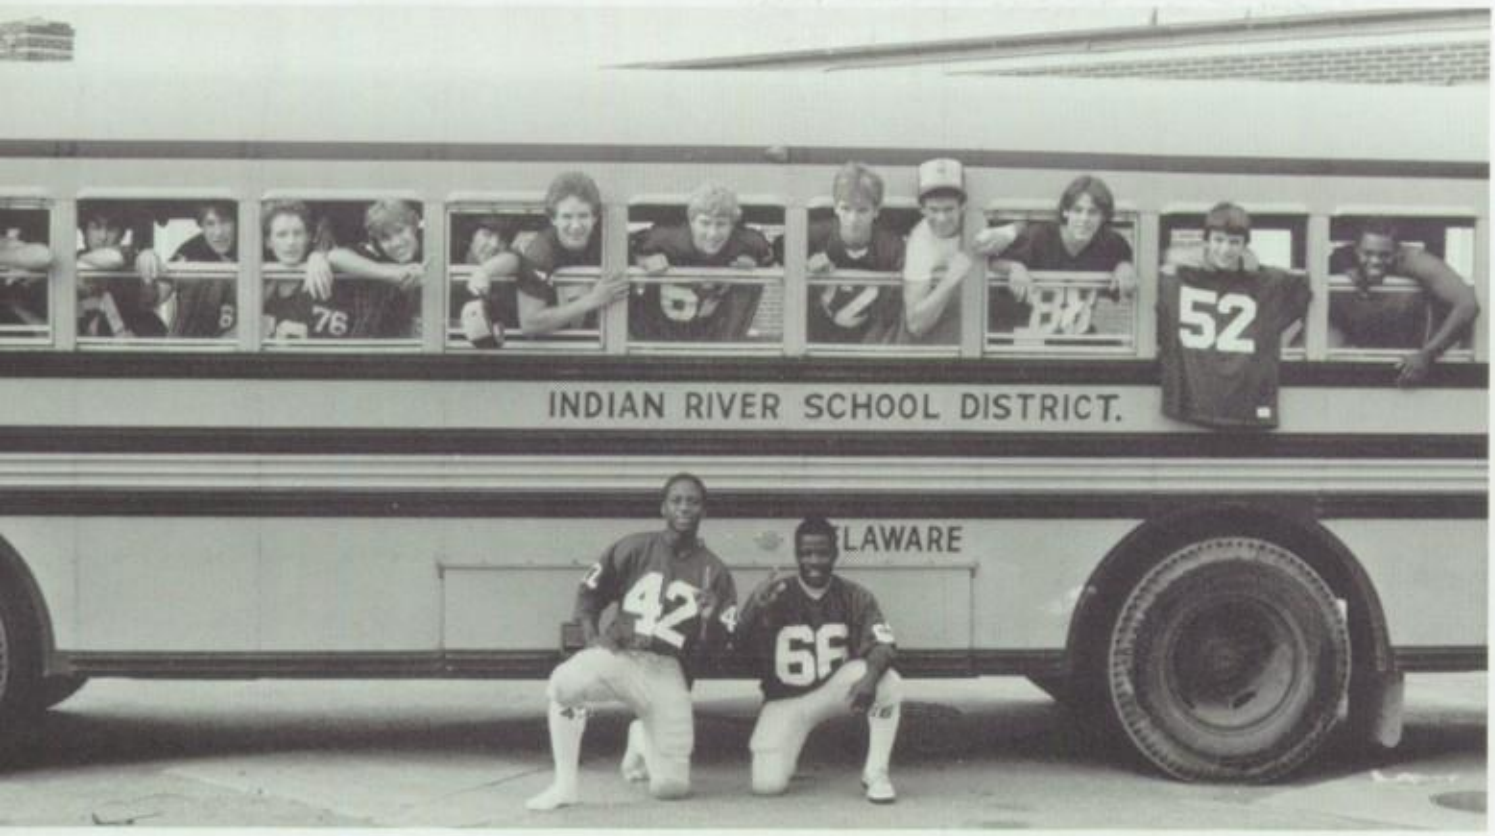
. . . Style And Endurance



The 1983 Varsity Football team exemplified heart, courage, and a never-quit attitude. Lacking in size sometimes created a problem, but the attitude of the team made up for its size. Although the team's record wasn't outstanding, its spirit and pride were always evident. Game after game, one could still hear the cheer, "We are I.R.!"

Spark Of Excitement



To each member of the football team, I want to express my appreciation for your service to the football program. Wins and losses do not always determine the value of a football player or team. Good luck to the players that exemplified true champions on and off the field throughout the entire season. "Hitch your wagon to a star and always make your goals high." May God bless you!

What is Spirit?

Spirit is something found deep within, It's the little something that sparks a win. It's determination in what you seek to do. It's the extra little something that helps you through and through.

Football Cheerleaders/Yell-leaders

Congratulations to the football cheerleaders and yell-leaders for a very successful season. With much determination and spirit, this year's squad has attempted feats they never dreamed were possible. They placed 3rd in the Northeast Regional Universal Cheerleading Competition and will be representing, not only Indian River, but the entire state of Delaware in the National Cheerleading Competition in Orlando, Florida.

Spark Of Achievement

The 1983 hockey season was one of maturation, developing techniques and skills, and building towards a successful season for 1984. During this building process, the girls established goals and found out the meaning of endurance and pride, qualities that are oftentimes more fulfilling than is winning itself.

With lots of practice and hard work, the team members have had an extraordinarily successful season and have done more than their share in contributing to IR "Pride" and "Spirit."

This year the wrestling cheerleading squad made up a pom-pom routine to the song "Rockit," which was performed at one of the wrestling matches. From being on the squad, the cheerleaders learn how to make new friends and work well together. Of special note is the fact that the squad has been re-built in the past two years, and expanded to include nine participants and many students new to cheerleading. The loyalty and support this squad has provided the wrestling team has surely been instrumental in the team's ever-improving record.

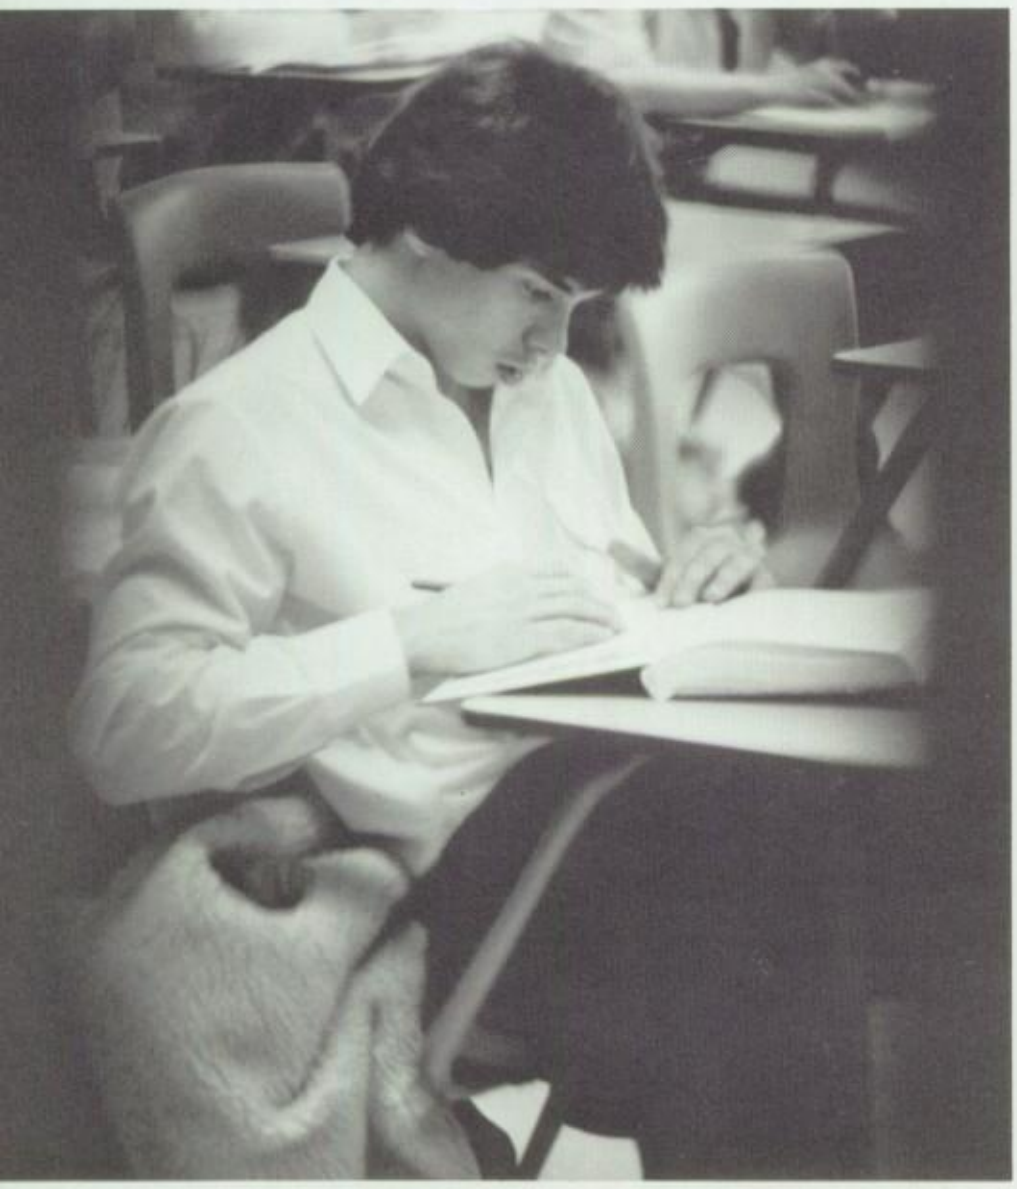
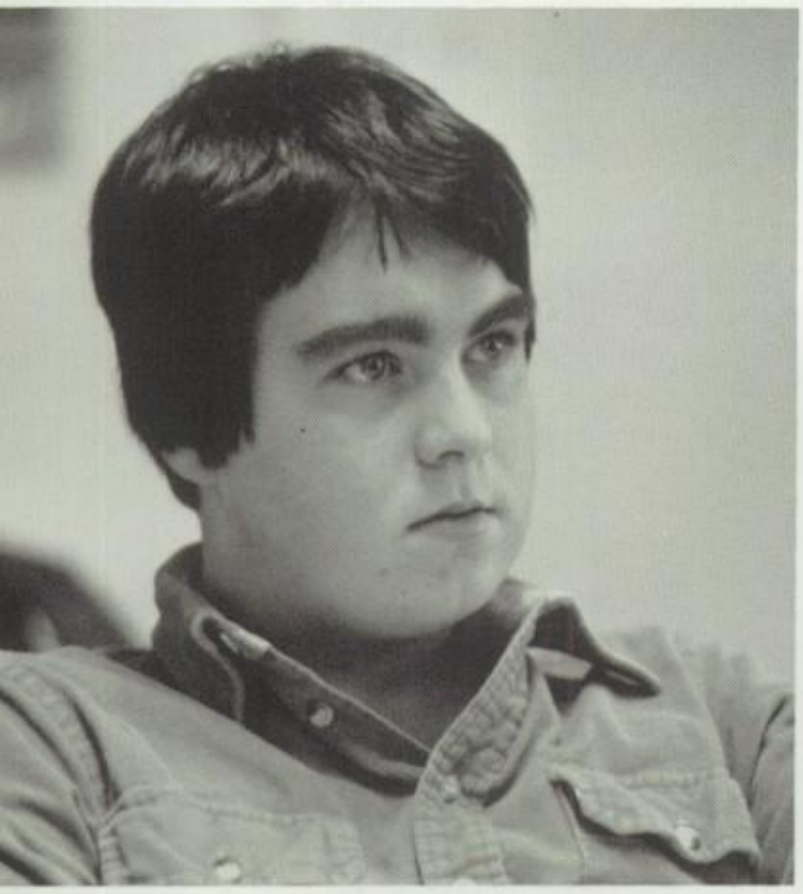
A Spark



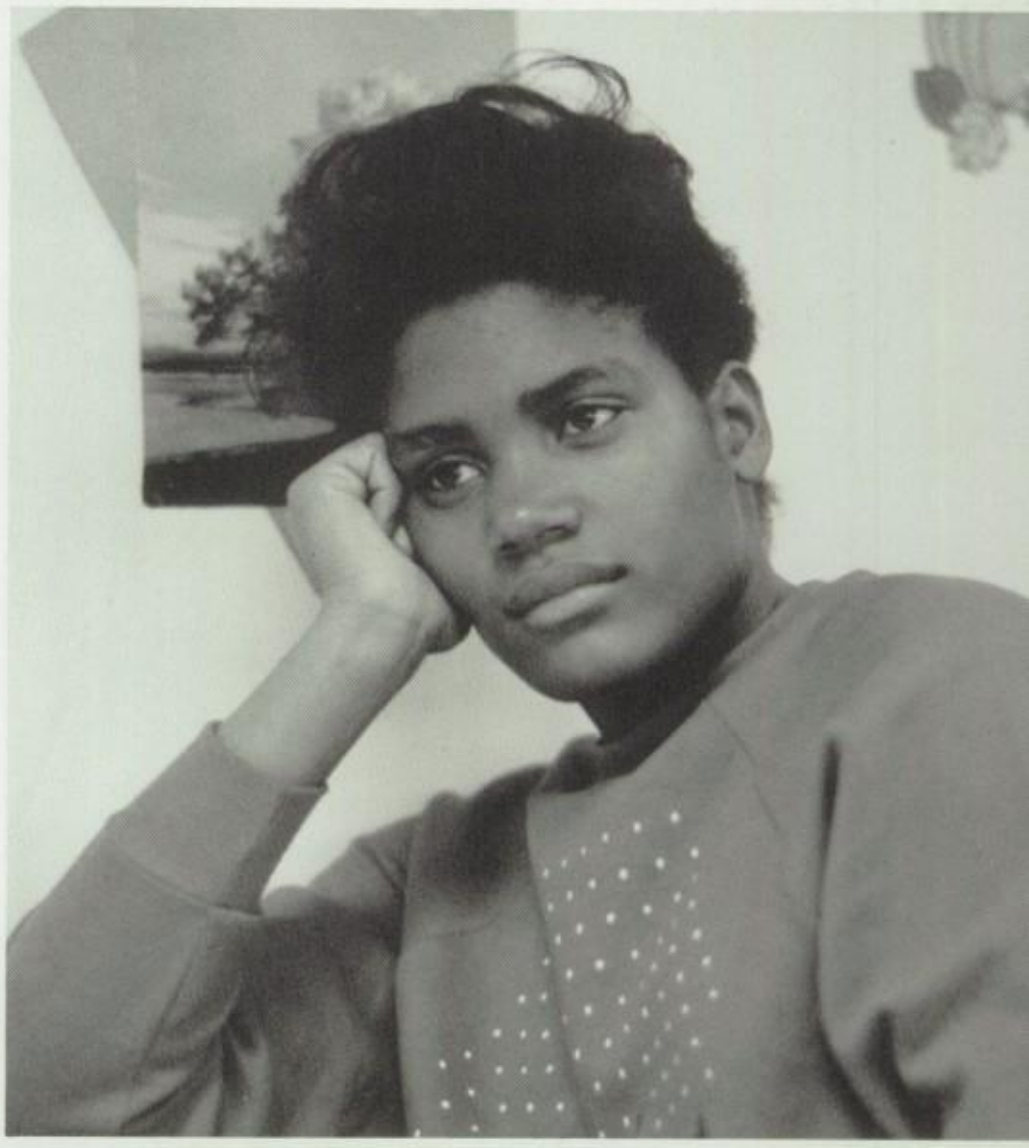
Of Class



As a spark diminishes in intensity, so has our school year come to an end. Like a glowing ember, the memories of this year have cast a soft warmth and mellow glow. As with a fire that has blazed and then died, there lies within its embers the power to ignite a new and better flame, one that will be fueled by friends and experiences we have yet to know.

Just as the spark must be tended and nurtured if it is to become a flame, so must we guard with care the small but sturdy flame that was lighted in each of us during our years in school. We must make sure that our fire is made with hard and seasoned wood, so that it will burn long and true; we must add fuel in measured amounts, taking care not to smother the flames with excess logs, or overbuild, causing the fire to rage out of control; and we must remember to clear away the dead ash in order to provide space and air in which our fire can breathe.

A spark - a flame - a fire - well-tended, can light the way, warm our hearts, and act as a magnet toward which others are drawn for warmth and inspiration.



The End? Or . . .

The Beginning?
